Mode: Offline | 24 Hours

Registration Fee: ₹500 per team

Total Prize Pool: ₹20,000

1. About HackSpark '26

HackSpark '26 is a 24-hour national-level hackathon focused on Sustainable AI and innovative technology. Participants are invited to develop impactful, creative, and technology-driven solutions for real-world challenges.

The hackathon encourages participants to think beyond limits, build innovative ideas, and create solutions for a smarter and greener future.

2. Eligibility

1. HackSpark '26 is open to undergraduate college students.
2. Students from any college, course, discipline, or academic year may participate.
3. Inter-college teams are not permitted
4. Team members should belong to same institution
5. All participants must carry a valid college ID card for verification during check-in.

3. Team Formation

1. Each team must consist of a minimum of 2 members and a maximum of 4 members.
2. Solo participation is not permitted.
3. A participant may be a member of only one team.
4. Team composition must be finalized before the registration deadline. Changes may be permitted only with prior approval from the organizing committee.

4. Registration and Shortlisting

1. Teams must complete the registration form and submit the required PPT on or before 25 September 2026.
2. Selected teams will receive shortlisting confirmation by 27 September 2026.
3. Shortlisted teams must complete the payment of ₹500 per team by 28 September 2026 to confirm their participation.
4. Fees once paid is not-refundable unless the event is cancelled by the organizers.

5. Development Rules

1. All projects must be developed specifically for HackSpark '26.
2. Teams may use open-source libraries, APIs, datasets, frameworks, and publicly available tools, provided proper credits are given.
3. Pre-existing code may be used only where it is openly licensed or clearly declared during submission.
4. Copying another team's project, submitting a previously completed project, or presenting work created by others is strictly prohibited.
5. Projects must not promote hate, harassment, illegal activities, violence, discrimination, or misuse of technology.

6. Mentorship

6. Mentors will visit teams during the scheduled mentorship rounds.
7. Mentors may provide technical guidance, feedback, and clarification.
8. Mentors will not build the project on behalf of a team.

9. Teams should be prepared to explain their problem statement, solution, progress, technology stack, and expected impact.

7. Judging Criteria

Projects will be evaluated by the jury based on the following:

- Innovation and originality
- Relevance to the selected problem statement
- Technical implementation
- Functionality and quality of prototype
- Practicality and scalability
- Sustainable or social impact
- Design and user experience
- Quality of presentation and demonstration

The decision of the judging panel shall be final and binding..

8. Important Conditions

1. The organizing committee may modify the schedule, rules, or event format if necessary.
2. Participants must be present during check-in, presentations, and prize distribution.
3. Any intellectual property created by teams remains with the respective teams; however, organizers may showcase project names, photos, videos, and summaries for event promotion.
4. By participating, all team members agree to these rules and to the decisions of the organizing committee.
